13. GOOGLE ANALYTICS

Our website uses Google Analytics .

Google Analytics when using :

Google Analytics internal cookie -k (cookies prepare a report for clients on the basis of) behavior of web users.

On behalf of the website operator, Google uses the information to evaluate how users use the website. As an additional service, it prepares reports related to the activity of the website for the website operator in order to perform the additional services.

The data is stored in an encrypted format on Google's servers to make it more difficult and prevent data misuse.

Here's how to disable Google Analytics . Quote from the page:

Website users who do not want Google Analytics to report JavaScript on their data can install the Google Analytics Disable Browser Add-on. The plugin prohibits Google Analytics JavaScript (ga.js, analytics.js, and dc.js) from sending information to Google Analytics . The browser extension can be used in most newer browsers. The Google Analytics Disable Browser Plugin does not prevent data from being sent to the site itself and other web analytics services.
